FROM THE VP

of Advancement & Alumni Relations

Despite all odds, during a global pandemic and amid high uncertainty, 2020–21 was a high-water mark for giving at BJU. Many alumni and friends opened their hearts to this ministry through prayer and giving during these uncertain times. Thank you!

Below are just some of the blessings from this past year.

- God graciously blessed us with a positive financial year resulting in approximately \$2 million in net income.
- God provided additional funding for needy students through the COVID-19 Student Emergency Fund.
- Fall enrollment for 2020 was 3029 students.
- We held in-person classes both semesters, had Concert, Opera & Drama Series performances for university students and regular on-campus COVID-19 testing with no widespread outbreaks.
- BJU's School for Continuing, Online and Professional Education (SCOPE) grew 45% and now has 2,000 students.

God's Word reminds us to give thanks for what He has done (Psalm 107:1). This stewardship report is an opportunity to thank you for your friendship, loyalty and support and to direct our thanks to God for His ultimate provision and blessing.

To God be the glory,

John D. Matthews

Annual Fund

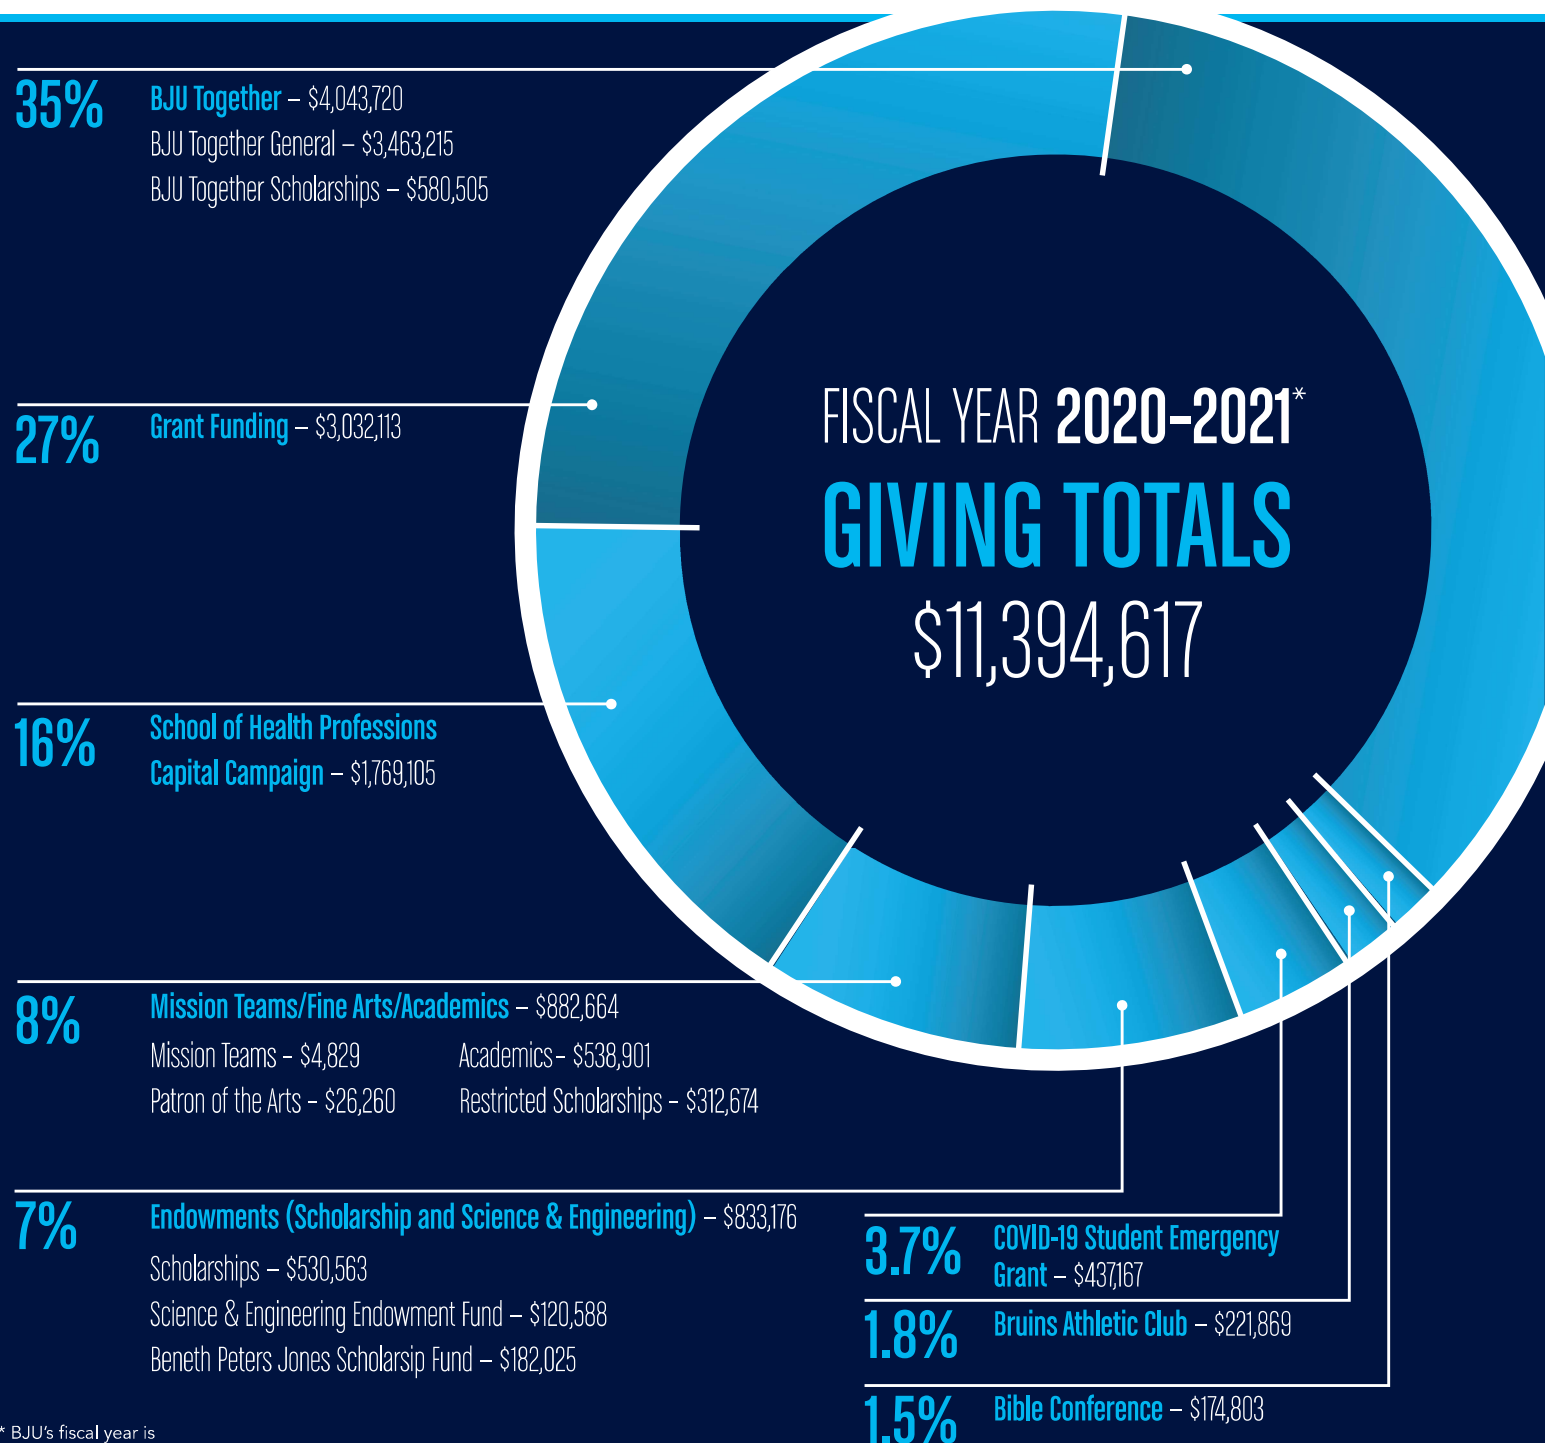

We are continually grateful for the investment you make in this ministry – **THANK YOU!**

Striving Together. Stronger Together. BJU Together.

Your tax-deductible gifts to the BJU Together Annual Fund provide for both the student experience and scholarship aid. Every student who attends BJU is impacted by this fund, making it BJU's most important fund.

Each fall, we provide you with an opportunity to be a part of this essential means of support at BJU. Thank you to many who make the Annual Fund a regular part of their giving through annual or monthly gifts!

* BJU's fiscal year is 6/1/20 – 5/31/21

God is at work through YOU

God has graciously allowed Fiscal Year 2021 to be a new high point of giving at Bob Jones University, and it is all because of our faithful donors!

Donor Spotlight

Horst & Hildegard Baumann: When living in the USA, we learned about BJU as a Christian University. We got acquainted with BJU — especially during our last 7 years in Greenville before moving back to Germany — and we love it. By the Lord’s grace He allowed us to save some money during our work years in the U.S. Now we love to support BJU and the students every year from “the Lord’s money,” and we do it with great joy! We realize that the USA needs good and true preaching of the Word, besides teaching in the sciences. BJU, keep going strong in the Lord even in these difficult times!

Alumni Donor Testimony

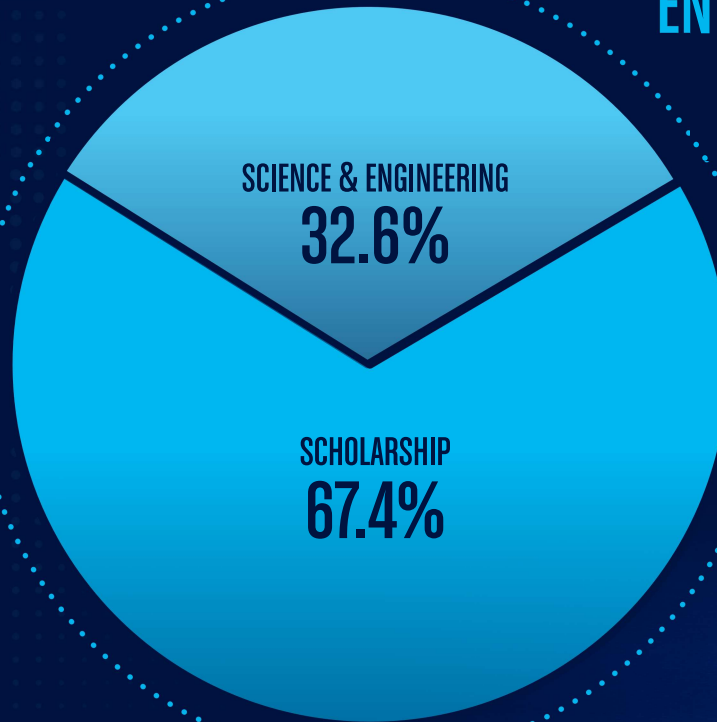

Amanda Boerma
(’05 grad):

“Our time at BJU provided us with an outstanding education and many fond memories. We are thankful God has allowed us to give back in hopes that others will enjoy the benefits of a Christian education as well.”

ENDOWMENT TOTALS \$19,860,000

Scholarship - \$13,700,000

S&E - \$6,160,000

S&E Endowment Update

The Science & Engineering Endowment totals \$6,160,000. Of that total, \$120,588 came in this past fiscal year (6/1/2020 - 5/31/2021).

Our annual endowment spend amount is 4%.

This past year, the endowment funded these efforts:

- SITS (Summer Institute in Teaching Science) 2020 supported 14 faculty who developed or created 14 lecture or lab courses.
- SITS has four summers of faculty development tracks. Four new faculty completed their third track last summer.
- Science, religion and seminary faculty members collaborated to present five afternoons of worldview sessions.
- Six undergraduate students were funded in 2020 to do biology or chemistry research for eight weeks each through the RIU (Research Immersion for Undergraduates) program.

Opportunity Scholars Program

In 2016, the Bridge Scholars Program was launched to assist American minority students, and in May of this year the first group of 12 students under the scholarship graduated from BJU. **In October 2020, the Bridge Scholars Program was renamed the Opportunity Scholars Program**, because at its very essence, it is about giving an opportunity to those who have not always had access to Christian higher education. Up to 45 students each year benefit from this program.

Patron of the Arts

Patron of the Arts Fund grants scholarship aid to music students and also underwrites fine arts programming at BJU, a hallmark of the BJU experience. Last year donors gave \$26,260 to support the arts at BJU. Twenty-one students received music scholarships from this fund.

COVID-19 Student Emergency Grant Update

.....

We celebrated a fall 2020 enrollment increase over 2019–2020 thanks in part to generous support for the COVID-19 Student Emergency Grant that provided additional assistance to every student who applied. It made a tremendous difference to families who were experiencing economic strains as they weathered the coronavirus storm. Thank you!

This year, every eligible student who applied for the grant received funding to offset the financial hardships caused by COVID-19. In total, 768 students received aid.

Celebrating **10** Years of **BRUINS** Athletics

“

This season was far from normal, but I am so thankful for the commitment Dr. Pettit and the Bruins athletic department demonstrated in providing us the best season possible. When other schools canceled their seasons, we were able to put protocols in place to allow us to compete safely.”

500 x 5 x 5

500 Pastors on the Path to the Pulpit in the next 5 years and every 5 years afterward.

WHY 500 x 5 x 5?

An entire generation of pastors is retiring, being forced from the pulpit, or giving up in despair in the face of challenges such as inadequate church finances, doctrinal drift, the proliferation of “nones,” confusion, isolation and fear in the face of COVID and a “cancel culture.”

Through its 500 x 5 x 5 campaign, the BJU Seminary is committed to putting 500 pastors on the path to the pulpit in the next 5 years and every 5 years afterward.

Provision through GRANTS

I am happy to serve BJU as the Director of Grants Management! Since starting in 2019, my responsibilities have included grant research, grant writing, monitoring and reporting on federal, state and local grant opportunities. Building community relationships is a key part of my department's work as we seek to enhance BJU's capacity as an institution and give students opportunities to serve in Greenville.

I am also excited for the privilege to work across disciplines to provide professional development for BJU faculty and staff to help them increase grant funding for their departments. I am looking forward to God's continued blessing as BJU grows and matures in the area of grants.

SHP Phase 2 Update

The Ribbon Cutting Ceremony for the SHP facility was August 10, 2020. The facility has served hundreds of students already. In summer 2021, we embarked on a Phase 2 of the School of Health Professions renovation. Additional space on the first floor of the Mack Building was turned into a second Nursing Skills Lab, providing 12 new beds. This provides greater opportunities for growth beyond our new cohort of 25 students.

PRESIDENT'S SOCIETY

The **BJU PRESIDENT'S SOCIETY** recognizes BJU alumni and friends whose generous annual gifts of \$1,000 or more demonstrate their abiding partnership in sustaining the mission of BJU. Your gifts keep BJU moving forward for God's glory! Benefits include special communications from the president, invitations to exclusive events and website recognition (if desired).

HERITAGE SOCIETY

Creating a legacy that extends beyond your lifetime is the goal of planned giving.

The **HERITAGE SOCIETY** honors those who provide for the future of BJU through their estates. This includes designations through a will, life insurance policy, trust, retirement fund, 401(k), etc.

Our many Heritage Society members influence and impact BJU for the glory of God. If you have or would like to name BJU as a beneficiary in your estate, we invite you to become a member of this distinctive group. Let us know your plans at 888-252-6363.

Kevin Welch

Kevin Welch was a gifted and successful Christian businessman, consultant and subject matter expert in health insurance. He and his firm advised BJU on the complexities of its self-insured employee health plan over a 20-year period and were instrumental in saving BJU millions of dollars.

Kevin developed a strong bond with BJU over these years. He was a generous donor to his church, missionaries and faith-based ministries, including BJU, where he was a President's Society member.

God called Kevin home in 2019. Shortly before his passing, Kevin felt led to make BJU a beneficiary of his large estate. Part of his estate helped fund the School of Health Professions facility. One of the classrooms there is named in his memory. Kevin's estate is one of the largest BJU has received and is still having an impact. What a legacy!

Together We Are Making a Difference!

Participation matters! Every gift counts. Your gifts directly impact the student experience at BJU. Donors listed with an asterisk are members of the President's Society. We'd like to recognize our donors & say THANK YOU. Every donor's name is listed on our website.
